

LIFTEDVIZ ONE-PAGER

WE DO DATA VIZ.

We are a **data visualization agency** with a focus on providing education and services to individuals and organizations seeking to elevate their data reporting.

WE DESIGN

We are data geeks who care about design. We believe that **design is a critical element** in creating data reporting that is understood, trusted, and leveraged to drive decisions.

WE DEVELOP

Our focus is on **building the foundation** for data visualization programs by developing dashboards with reusable templates, processes, and resources.

WE TRAIN

We don't just do; **we teach**. Upskill yourself and your team in data visualization through our workshops and custom trainings.
